Integrated Care System Update

Healthwatch

21 December 2021

Why integrated care is so important to our residents

Life expectancy in the borough is 2 years
shorter than the National average
Male, 77 and female 81

25.8% Black, Asian
& Minority Ethnic
Residents

Nearly a fifth of population
has a Mental Health
Disorder (PHE, 17) (pre-
Covid)

26.6% of our
children are living
in poverty

Crime deprivation
domain is the 2nd worst
in the country in 2019.

8% residents
digitally
excluded
(Rochdale
Residents
Survey 2020)

15th most deprived in
England Indices of
deprivation report
2019

Over a fifth of
population has
a LTC (PHE,
2019)

Over a tenth of
Rochdale Adults have
no qualifications
(range by ward 8.6%-
41% (Nomis 2020)

Rochdale's integration journey so far....

- Our Locality plan sets out our ambition for integrated care in Rochdale
- £380 million in pooled budget arrangements across council and CCG
- £28.7 million additional NHS funds into Council through Better Care Fund and direct into ASC/CS
- Councillors and clinicians have played a key role in decision making for Health and Care since the inception of Integrated Commissioning in 2015
- Local Care Organisation developed across NHS and Council services to deliver joined up care

impact so far

These joint arrangements led to the joint commissioning of a number of key services including:

- Intermediate Tier
- Integrated Neighbourhood Teams

Further development of the Local Care Organisation and integrated working has supported our system wide response to the Covid pandemic:

- Implementation of hot hubs
- Establishment of virtual wards and enhanced support for care homes
- Discharge processes further enhanced
- Vaccination and testing programmes
- Digital access to mental health services through lock down
- Engagement and involvement of communities

Impact for residents

Fell at home –
injury to leg

Pressed Pendant
Alarm,
Responder called
NWS

Home in a state
of disrepair,
cluttered and
unsafe

Taken to Urgent
Treatment
Centre

Didn't need
admitting couldn't
go home due to
living conditions

Assessed in UTC
by Rapid
Response Team

Emergency
accommodation
via a step down
flat

Visit from DNs,
reablement
package in
place, mental
health support

A 68 year old lady
lived alone. No
family

- Total length of time from alarm to discharge with care package approximately 12 hours.
- Success of Joint working, Trusted assessments, no referrals, working as 1 team to wrap services around patient and able to allocate resources immediately.
- The range of clinical professionals involved in achieving this outcome included Adult Social Care colleagues, Dr's in our UTC, Allied Health Professionals in our rapid response team, District Nurses in our INT's and mental health colleagues.

White paper - Integration and Innovation: working together to improve health and social care for all

- Development of Integrated Care Systems ICS
- Local Clinical Commissioning Groups will cease
- CCG staff will be employed by ICS with majority deployed back into localities
- Integration at multiple levels
 - ICS (for us Greater Manchester)
 - Place
 - Neighbourhoods
- Flexibility allows us to continue to build on GM model of care
- Additional measures
 - social care
 - public health
 - quality and safety
- Implementation from April 2022

White paper - Integration and Innovation: Progress to Date

- Bill still awaiting Royal Ascent
- **Governance:** Joint Planning and Delivery Board established (Steve Rumbelow is Rochdale representative)
- **Integrated Care Board** membership and delegations to be determined
- **Delegations** to locality system board to be determined
- **Place lead:** process for recruitment to commence in January 2022 – likely to be jointly accountable to ICS and locality
- **Finance:** funding is likely to flow into providers with an expectation that Locality System Boards will hold some accountability for local spend
- **CCG staff:** Lift and shift from 1st April, with transitional period during 2022

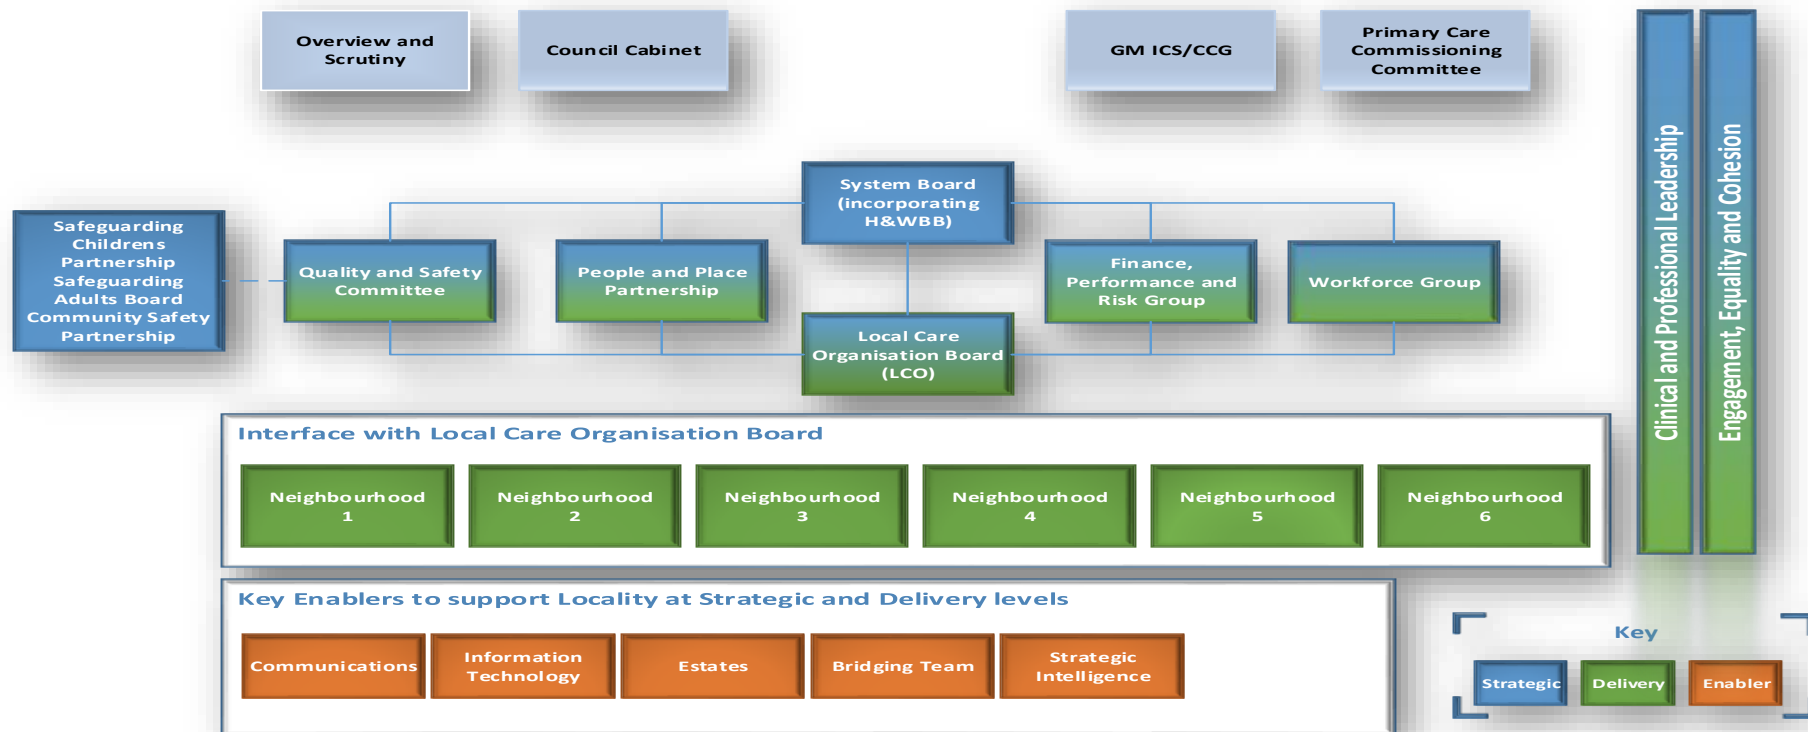

Rochdale next steps – joined up planning & delivery

- Refreshed Rochdale locality plan to reflect Covid impact and health inequalities
- Sets out our vision, strategy and priorities for next 3 years
